SUBJECT: UPDATED RENDERING OPTIONS FOR WATER WELL 16 BACKWASH TANK WRAP

The Administrative Services and Public Works Department will present City Council with updated rendering wrap options for the Water Well 16 backwash tank, located at 16317 Garfield Avenue. This item is a follow-up from the July 23, 2024 City Council meeting when the original tank wrap option was presented. The top half of the tank will include a wrap comprised of the images selected by the City Council. This will provide an aesthetically pleasing view of the water well backwash tank from both Garfield Avenue and Jackson Street.
